Dear Doctor:

IPRO, the Quality Improvement Organization for New York State, is pleased to present this Certificate of Recognition to your practice. We would like to acknowledge your commitment to improve the quality of care for Medicare beneficiaries in the areas of diabetes, mammography and immunizations. We appreciate your ongoing work with IPRO, and specifically with Michele Jones, Project Manager, to ensure that your patients receive the highest quality of care.

We hope that you will display this certificate so that your patients will also be aware of your efforts on their behalf.

If you have any questions, please call Michele Jones at 516-326-7767, extension 234.
Thank you for your continued cooperation.

Sincerely,

Dear Sirs,

Please be advised that Vijay Chhabra, M.D. has completed 75 hours of community service with the American Red Cross in Nassau County as of June 14, 2005.

Dr. Chhabra has been conducting Blood Pressure Screenings and Glucose Level checks every Tuesday from 9:00 AM through 12:00 PM at our Chapter since December 2004. He has been most courteous and professional to our staff and guests. His ability to answer their questions and concerns regarding medications has been a wonderful addition to our program.

Please contact me for any additional information or questions you may have. My phone is 516-747-3500, ext. 229.

Yours in Safety,

Dearest Dr. Chhabra,

On this your Birthday, I have to write from my heart, for that is where you, Dr. Chhabra have resided and will always reside.

Over twenty two years ago, you were my mother's physician. She was 80 years old, spunky but not well. She had various ailments and was seeing another doctor, who had her on ten various pills and she was not getting any better. I met you in Physicians Hospital where my beloved mother was recuperating from a heart attack. Even though you were not her doctor, you would drop by, tell a funny joke, ask about her health and just bring sunshine into ICU where she spent her dreary days.

After discharge, I looked you up and took my Mother, Helena Grodzki, to see you. You put her on three medications, stabilized her and gave her twelve wonderful years of life.

If she were sick at three in the morning, all I had to do was call your service, and you would call right back and come to see her. It wasn't only my Mother that you did this for. Having lived in this neighborhood for over 40 years, I know many people. You come to see all patients at home who need you. You come, smile on your face, gentle hands to mimic your gentle voice and reassure the patient and the family that all is well, and it is.

My Mother never could have had dreamt of having a better physician. You would see her twice a day in the hospital, all the time at home as needed, and just a friendly phone call to follow up on her life in general made all the difference. Now, you are taking care of me. You are not only there for me as you were for my Mother and for so many. When I recently had my toe amputated you came twice a day to change my dressing. Not only that, but you felt worse about my digit than I did. You have the soul of a true compassionate doctor.

I cannot imagine life without your guidance and care. Nor can the many patients that depend on you daily, 24/7. You are our savior and our family. The twinkle in your eye, the "My Luv, all will be well." are what you stand for. You love us as we love you.

Julie Grodzki

Dear Dr. Chhabra,

I needed to write to you to tell you my sincere thanks and appreciation. Helene and I have been your patients since 1992. For over 18 years you have provided us kind, courteous and compassionate medical care and you always make us feel as if we are part of your family.

Last year when Helene was cooking dinner and accidentally spilled hot oil all over her arm, I had never imagined that such a severe burn could exist. She had tremendous pain and was frightened that it would never heal. You went out of your way to treat her and to heal her wound. Since it was very difficult for us to do the dressing changes you would see her in your office every other day for about a month to change her bandages. You never even charged her once for this and did this until the wound was totally healed. I never had the chance to really thank you for this and want to take this opportunity to let you know how grateful we are.

Even though it may seem surprising to others it is not to us because this is how you are. Always doing and thinking of others. We feel extremely honored and lucky that you are our doctor and friend.

Sincerely,

Martin and Helene Dumoff
